Electric Department

Christmas Lights are scheduled to be completed by the first week in December.

Winter is just around the corner and now is the time to prepare for the weather … please take the precautionary effort to be sure that you have an emergency kit on hand such as flashlights, batteries, bottled water, etc. for when power is out for an unknown period.

Please remember, **SAFETY** is our number one concern when crews are out working to restore power. We cannot be in a bucket truck when the wind is gusting greater than 35 mph.

Water / Sewer Department

Now is the time to winterize your home. If you are not a full-time resident, it is strongly advised to be sure your phone numbers and email addresses are current with our Business Office for any emergency leaks at your property that need to be taken care of immediately.
